## nal von minden

### Your partner for *in-vitro* diagnostics - worldwide

nal von minden specialises in the development, production and professional sales of *in-vitro* diagnostics. We supply our global customers with innovative and high-quality products, focusing on the areas of drug analysis and clinical diagnostics.

Our portfolio includes rapid tests and laboratory tests for reliable diagnosis across the areas of bacteriology, cardiology, gynaecology, infectious diseases, urology and toxicology. Furthermore, we are at the forefront in the fields of innovative POCT devices and reader systems and are thus in the position to provide total solutions for our customers. We also offer our customers laboratory diagnostic services through our partner laboratories.

Our experienced specialists always ensure a smooth process, whether in product development, selection of products, production, sales, key-accounting, preparation of applications, quality assurance, technical support or logistics – our customers deserve only the best.

Our native speakers communicate in 13 languages with you. Local sales forces are at your disposal in Germany, the Netherlands, Belgium, Italy, France and the UK. We have been working with our partners, doctors, laboratories, government agencies and industrial companies for over 35 years.

We help you care

## In-house research and development

From our in-house laboratories, our research and development team work continuously on innovations as well as existing products to expand and refine our range. We maintain a strong scientific network, with broad links to universities and international scientific communities in order to stay informed and involved in developments and breakthroughs in the field of diagnostics. We cooperate closely with associations such as EWDTS, TIAFT and GTFCh. Our team of qualified professionals is always involved in research and development projects aimed at facilitating and streamlining your work.

## Two production sites within Germany

As high quality is of utmost importance to us, we maintain two local production sites in Germany. From there, our highly-skilled manufacturers are able to work closely with our research and development team, producing goods that reflect not only our commitment to quality but also to innovation. The 'Made in Germany' standard of these tests and devices has worldwide acclaim – our products are sold in more than 100 countries across the globe. From GP offices to veterinary practices, we are your partner for innovation, development and production.

## Quality Management

We understand that point of care diagnostics can be life-changing and even life-saving. This is why each batch of tests undergoes rigorous quality control measures before being approved for sale. Alongside quality, safety and peace of mind are cornerstones of our philosophy. Our quality management system conforms to DIN EN ISO 9001 and DIN EN ISO 13485, as well as CMDCAS. Aligning our products with world-recognised quality standards, our tests are also CE-marked, ensuring high-quality diagnostics that you can rely on.

*“We are always on the search for ways to improve our products or develop innovative diagnostics in order to provide the best solutions for our customers.”*

*- Thomas Zander (CEO)*

## Logistics

Our products are sent out worldwide from our warehouse in Germany, which boasts place for 2000 pallets. In addition to our ability to manufacture custom-made tests to suit your needs, we offer over 500 different test combinations along with numerous devices, readers and related equipment. Once an order is placed, tests can usually be shipped the same day. On average, we send out around 250 shipments to professional clients every day! Thanks to our fast delivery times, testing doesn't have to wait!

## Regulatory affairs

For support and advice on regulations and law, our dedicated team of experts brings 35 years of experience. We are able to work with notified bodies on a local, state and even federal level to assist you with issues relating to your business, from registration to compliance with laws and standards. Having successfully registered in 29 countries across the globe, and with a further 11 ongoing, we are in a strong position to share our knowledge and skills in this field with you.

***“As well as our large storage capacities, fast and streamlined shipping is a decisive purchasing criterion – particularly for our large customers and distributors.”***

***- Sandra von Minden (CEO)***

## All-round customer service

**Key Accounting** Our highly-trained medical product consultants are able to deliver impeccable customer service and consultation in 13 languages including English, French and Spanish. Your account manager is always ready to provide competent, personal service, working with you throughout the entire ordering process – from initial consultation to delivery and beyond. We aim to build and maintain strong, mutually-beneficial partnerships that work for both parties. Ongoing feedback is important to us, helping us to expand and refine our service and product range and become an even better business partner.

**Technical Support** With over 35 years of experience in the field of business and diagnostics, we understand the importance of knowledge and excellent support. Our in-house laboratories enable our highly-qualified technical support team not only to carry out research and development, but also to take a hands-on approach to investigating individual cases regarding cross-reactivity, detection limits and false positive/false negative results. We are available by both phone and email to provide advice on enquiries, as well as to guide you through processes and operational procedures.

**Marketing** Without strong brands, even the finest of products can struggle on the market. Throughout the years, our brands have acquired popularity worldwide, exemplifying high quality and reliability. We are adept at tailoring our marketing approach to numerous different markets and across specialist fields, and can share these skills with you. Should you wish to introduce your own branding, we are able to provide advice and support all the way through from design to implementation.

*“In the field of medical products, competent consultation and customer service is an absolute must. For this reason, we regularly train our employees and make customer-orientation our highest priority.”*

*- Roland Meißner (CEO)*

## nal von minden

We have the solution for your success

nal von minden is always looking to build relationships with strong, reliable partners who can support us as distributors. Your expertise and knowledge of the local market is a vital component for our success around the globe. We are experienced in cooperating with a range of companies and know how to make such collaborations mutually profitable.

Our close relationship with our customers has led us to develop three different approaches to collaboration, each developed to suit the individual needs and requirements of our partners. In each case, your account manager is at hand and ready to support you with a tailored approach to a successful partnership. The various options are listed on the next page. **We help you grow your business.**

## YOU HAVE A SALES FORCE AND NEED STRONG BRANDS

Over many years, our national von minden brands have earned enormous popularity amongst our customers worldwide. We have developed our range of brands in line with each target group, market and area of expertise in order to refine each of them in accordance with your require-

ments. You have the opportunity to profit from the reputation of the brand and utilise the marketing tools that we have already developed. Read more about these particular brands on pages 10-13.

**We help you focus.**

## YOU USE CUSTOMISED BRANDING

Here we can support you with several different options. You can act as manufacturer, or we do so in terms of packaging. This way, you enjoy the use of your own branding while we prepare the

tests according to your requirements. Don't have a brand? Not a problem! We can assist you in putting together a portfolio and in developing your own brand.

**We help you personalise.**

## YOU WANT YOUR OWN BRAND IN AN EASY WAY

Your third option includes the possibility of utilising our white label products. This has the benefit that we as manufacturers remain in the background, whilst you are able to label and advertise the products as your own. The stock is availab-

le in large quantities and can be shipped to you flexibly and at your convenience. This minimises your potential risk and is a handy way to grow your portfolio.

**We help you diversify.**

## Strong brands

We help you focus

As a result of strong branding, we have been able to successfully implement our products across a range of markets worldwide. From drug testing to veterinary diagnostics, we have the expertise and standing to help you gain a foothold in the market – we offer fully-branded products with high-quality,

recognisable packaging, as well as accompanying marketing material. With such a comprehensive package as this, you can focus on selling, safe in the knowledge that there is a wealth of material and expertise for both you and your customers to rely on.

# nal von minden Drug-Screen® Rapid Tests

## Point of care drug testing

**Point of care drug testing is one of our main focuses.** Our immunological lateral flow rapid tests deliver reliable results, detecting the presence of drugs in patient samples within 5-8 minutes, regardless of whether you are testing for one or even 12 drugs simultaneously. With nearly 500 test combinations existing out of over 35 available parameters,

almost every customer requirement can be met. If a particular test combination is currently not available, we will manufacture your personal test combination on request; also with altered cut-off levels, if required. All our drug tests have a minimum shelf life of 24 months and can be stored at room temperature.

- ✓ More than 35 parameters already available, with more in development
- ✓ Tests for different sample materials: urine, whole blood, saliva, substance tests
- ✓ Urine tests in different formats: dip tests, multi-line tests including pipette, cup tests
- ✓ Flexible cut-off levels for differing needs
- ✓ Up to 6 adulteration parameters available
- ✓ Flexible multi-test combinations for detection of several parameters simultaneously
- ✓ Personalised test combinations possible
- ✓ RSS III reader system for automated and objective analysis and documentation of all nal von minden rapid tests available
- ✓ Established, well-known brand
- ✓ Branded packaging: moulds, pouches with visual instructions
- ✓ Marketing material at your disposal: brochure, product specific flyers, roll-ups and many more
- ✓ Personalised marketing material available

Interested in our toxicology portfolio? We have many products available and can also manufacture custom tests on request. Contact us today and order your free Toxicology catalogue! Tel.: +49 0941/29010-0; Email: [info@nal-vonminden.com](mailto:info@nal-vonminden.com)

## NADAL® Medical Rapid Tests

...always the right test!

**NADAL® products cover almost every branch of medical indications.** The diagnosis of pregnancy, diabetes, various infections, cancer, renal insufficiency or myocardial infarctions are just some of the many conditions which can be aided quickly, reliably and easily by our point of care devices. This is why our customers come from almost

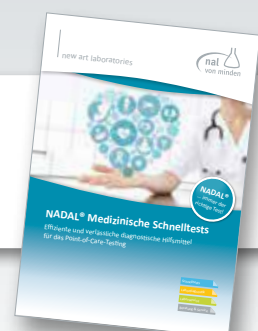

all medical fields: from GPs to specialised hospitals. Testament to our commitment to high quality, almost all of our NADAL medical rapid tests have CE certification.

**NADAL® rapid tests from nal von minden represent a broad range of parameters, high quality, advanced capability and innovative solutions from a single source.**

- ✓ Established, well-known brand
- ✓ Branded packaging: moulds, pouches, boxes...
- ✓ Visual instructions always on hand
- ✓ Marketing material available for your use: flyers, brochures, roll-ups and much more
- ✓ Personalised marketing material available
- ✓ Huge portfolio at your disposal
- ✓ New products continuously in development: 22 in 2018
- ✓ Quantitative tests in combination with Colibri - the smallest rapid test analyser in the world

Interested in our medical portfolio? We have many products available. Contact us today and order your free Medical Rapid Tests catalogue!

## LUCIO® Drug ELISA, EIA, qPCR Laboratory Solutions

**LUCIO®** constitutes a broad range of laboratory solutions for screening purposes, including both molecular diagnostics and forensic toxicology.

The **LUCIO® Drug EIAs** are ready-to-use liquid reagents that allow the fast screening of 34 different drugs of abuse, available for urine and oral fluid.

**LUCIO® qPCR** represents our molecular diagnostics portfolio. qPCR enables not only the identification of the infection, but also the level of infection. Our portfolio ranges from sexually-transmitted diseases, to viruses and transplantation screenings, among others.

The **LUCIO® Drug ELISAs** offer a cost-effective solution for the screening of drugs of abuse (more than 100 substances, from illicit drugs to prescription drugs) in blood, urine, oral fluid and hair.

Interested in our laboratory solutions portfolio?  
Contact us today and order your free catalogues!  
Tel.: +49 0941/29010-0; Email: [info@nal-vonminden.com](mailto:info@nal-vonminden.com)

## dedicio® Rapid Tests dedicated to life

Launched in 2014, our **dedicio®** brand is now at your disposal. Our dedicio tests are offered exclusively to distributors, and for this reason you do not run the risk of being in competition with us as the manufacturer.

As far as stock allows, tests are available on request and can be shipped promptly at your convenience.

Interested in our product portfolio? We have many tests available. Contact us today and order your free dedicio® catalogues!  
Tel.: +49 0941/29010-0; Email: [info@nal-vonminden.com](mailto:info@nal-vonminden.com)

# Customised Branding

We help you personalise

Our **customised branding** products encompass both our quality products and experience as well as the option for you, as an independent trader, to integrate them into your portfolio under your own brand name

in your personal design. Below you can see our standard procedure of brand development and design. Upon request we will provide our full service approach and a customised strategy.

## Step 1

### YOUR PERSONAL REQUEST

Do you need quality products to increase your sales and stay competitive in the sector of drug and medical testing? We cover a wide range of tests which you can choose from to complete your portfolio.

## Step 2

### nal von minden CONSULTING & BRAND DEVELOPMENT

Due to our extensive experience in the field of promoting and selling medical products all over the world and its different markets, we are able to guide you through the process of developing your individual product line.

## Step 3

### nal von minden GRAPHIC DESIGN

Our highly professional design team will create an attractive and target group-oriented packaging based on your request and needs. The look and feel of a product is almost as important as the right sales strategy. Give your products a contemporary appearance.

## Step 4

### YOUR PRODUCT LINE IS READY TO SELL

At this point in the process you will be fully equipped to sell and promote your brand/product on a highly professional level.

# White Label

We help you diversify

Purchasing our **plain 'white label' products** gives you the option to make the packaging your own. This means your customer has your logo and your brand to focus on. You don't need to purchase large volumes and we

have lots of ready-to-sell products in stock. **White label products are perfect for you if you want to diversify your portfolio with a minimised risk.**

LUCIO® qPCRReady Mycobacterium tuberculosis	Urine, faeces, sputum, CSF, swab, BAL	3020300N	25/50/100	✓	Qualitative	RMM
LUCIO® qPCRReady Neisseria gonorrhoeae	Urine, sperm, urethral/rectal/cervical swab	2910300N	25/50/100	✓	Qualitative	RMM
LUCIO® qPCRReady Norovirus I/II	Faeces	2960205N	24/48/96	✓	Qualitative	LYO
LUCIO® qPCRReady PAI-1 4G/5G	Whole blood	3420315N	50/100	✓	Qualitative	RMM
LUCIO® qPCRReady Salmonella	Faeces	2960210N	24/48/96	✓	Qualitative	LYO
LUCIO® qPCRReady Ureaplasma urealyticum/parvum	Swabs, urine	2930300N	25/50/100	✓	Qualitative	RMM
LUCIO® qPCRReady VRE-Vancomycin resistant Enterococci	Sputum, faeces, urine	3050300N	25/50/100	✓	Qualitative	RMM
LUCIO® qPCRReady Yersinia	Faeces	2960215N	24/48/96	✓	Qualitative	LYO

## Instrumentation

### Rapid Tests Reader System

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
RSS III Scanner System	-	Reader	770066	✓	-	1	-
Import / Export Licence	-	-	770010	✓	-	1	-
Application of Test	-	-	770004	✓	-	1	-
Customised Patient Report	-	-	770005	✓	-	1	-
Voucher for 5000 strip analyses	-	-	770100	-	-	1	-
RSS flash mobile Reader (with multi-cassette adapter)	-	Reader	770071	✓	-	1	-
RSS flash mobile Reader (with Cup II adapter)	-	Reader	770070	✓	-	1	-
RSS flash transport case	-	-	770073	✓	-	1	-
RSS flash Thermoprinter (56 mm)	-	-	770074	✓	-	1	-
RSS flash Thermoprinter (80 mm)	-	-	770077	✓	-	1	-
Colibri Point of care Reader	-	Reader	2150001	✓	-	1	-
Colibri USB Cable + Software	-	-	2150002	-	-	1	-
Colibri Battery	-	-	2150008	-	-	1	-
Colibri Guarantee (Extension 12 months)	-	-	2150009	-	-	1	-
Colibri Guarantee (Extension 24 months)	-	-	2150010	-	-	1	-

### Clinical Chemistry – Urine Analysis

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
Reactif Touch Reader	-	Reader	41300	✓	Up to 120 strips per hour	1	-

\*RMM: Ready-to-use; LYO: Lyophilised

### Clinical Chemistry – Urine Analysis

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
Reactif Touch Reader with barcode scanner	-	Reader	41301	✓	Up to 120 strips per hour	1	-
Reactif Touch plus Reader	-	Reader	41302	✓	Up to 500 strips per hour	1	-
Reactif Touch plus Reader with barcode scanner	-	Reader	41303	✓	Up to 500 strips per hour	1	-
Ratisbonne U100 Reader	-	Reader	42000	✓	Up to 120 strips per hour	1	-
Ratisbonne U500 Reader	-	Reader	42001	✓	Up to 500 strips per hour	1	-
Ratisbonne U500 Reader with barcode reader	-	Reader	42002	✓	Up to 500 strips per hour	1	-

### Alcohol

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
ALC - Alcohol Detector SD-AD 120 Meter (Handheld)	Breath	Meter	360100	-	0.0-4‰	1	-
ALC - Alcohol Detector SD-AD 120 Meter (Handheld)	Breath	Mouthpiece	360110	-	-	1	-
ALC - Alcohol Detector SD-AD 120 Meter (Handheld)	Breath	Mouthpiece	360111	-	-	50	-
ALC - ACE II Basic plus breathalyser (Handheld)	Breath	Meter	360014	-	0.0-4‰	1	-
ALC - ACE III Basic breathalyser (Handheld)	Breath	Meter	360041	-	0.0-4‰	1	-
ALC - ACE III Premium breathalyser (Handheld)	Breath	Meter	360043	-	0.0-4‰	1	-
ACE III Premium sensor module	-	Sensor	360044	-	-	1	-

### OTC

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
Lactate	Blood	Meter	2590100	✓	See Insert	1	-
Lactate	Blood	Strip	2590101	✓	See Insert	25	-
Standard Thermometer	-	Meter	2530101	✓	See Insert	1	-
Flexible Thermometer	-	Meter	2530102	✓	See Insert	1	-
Ear thermometer	-	Meter	2530103	✓	See Insert	1	-

### Hb/Hct

Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
NADAL® Hb/Hct plus Analyser	Blood	Meter	1320100	✓	See Insert	1	-
NADAL® Hb/Hct plus Microcuvette	Blood	Cuvette	1320101	✓	See Insert	200	-
Hb/Hct Thermoprinter	-	Meter	980120	✓	See Insert	1	-
NADAL® Hb/Hct plus Control Kit	Control	-	1320103	✓	See Insert	3	-

Unless otherwise stated, all tests have a shelf life of 24 months. Tests with a shorter shelf life will be indicated by a number.

<sup>(1)</sup> minimum shelf life: 18 months    <sup>(2)</sup> minimum shelf life: 24+36 months    <sup>(3)</sup> minimum shelf life: 12 months

PCR							
Product Name	Specimen	Format	Product code	CE Marked	Sensitivity	Tests per Kit	Dimension
LUCIO® M-12 Autoextractor	-	Standardised and fully-automated nucleic acid extraction	2700102	✓	See Insert	1 - 12	-
LUCIO® M-12 Autoextractor Rack Option 1	-	Alternative rack for the Autoextractor LUCIO® M-12. Suitable for use with 2.0ml sample tubes and 0.2ml PCR tubes.	2700120	-	See Insert	1	-
LUCIO® M-12 Autoextractor Rack Option 2	-	Alternative rack for the Autoextractor LUCIO® M-12. Suitable for use with 7.0ml sample tubes.	2700121	-	See Insert	1	-
LUCIO® Maintenance Kit	-	Autoextractor accessories	2700123	-	See Insert	-	-
LUCIO® 96-5 Thermocycler	-	qPCR Thermocycler with 5 different filters for fluorescence detection	2700200	✓	See Insert	1 - 96	-
LUCIO® 96-3 Thermocycler	-	qPCR Thermocycler with 3 different filters for fluorescence detection	2700201	✓	See Insert	1 - 96	-
LUCIO® 96-2 Thermocycler	-	qPCR Thermocycler with 2 different filters for fluorescence detection	2700202	✓	See Insert	1 - 96	-

## Laboratory Services

### Laboratory Analysis for Drugs of Abuse (Hair)

Product Name	Specimen	Method	Product code
EVIDENS Polytox (AMP, BZD, THC, COC, MTD, OPI)	Hair	Immunology /Chromatography	641101
EVIDENS Polytox + EtG	Hair	Immunology /Chromatography	641103
FORENSIS - Drug of Abuse screening for 5 drugs (AMP, COC, THC, MOR/OPI)	Hair	Immunology /Chromatography	641018
FORENSIS - Comprehensive screening drugs of abuse and pharmaceuticals	Hair	Immunology /Chromatography	641014
EVIDENS EtG	Hair	Chromatography	641102
FORENSIS - Amphetamine	Hair	Chromatography	641001
FORENSIS - Cocaine	Hair	Chromatography	641002
FORENSIS - Cannabinoids	Hair	Chromatography	641003
FORENSIS - Opiates	Hair	Chromatography	641004
FORENSIS - Benzodiazepines	Hair	Chromatography	641005
FORENSIS - Methadone + EDDP	Hair	Chromatography	641006
FORENSIS - THC-COOH	Hair	Chromatography	641009
FORENSIS - GHB	Hair	Chromatography	641011
FORENSIS - Opioids	Hair	Chromatography	641012
FORENSIS - Spice	Hair	Chromatography	641013
FORENSIS - Barbiturates	Hair	Chromatography	641016
FORENSIS - Psilocin	Hair	Chromatography	641019

### Laboratory Analysis for Drugs of Abuse (Hair)

Product Name	Specimen	Method	Product code
FORENSIS - Steroids	Hair	Immunology /Chromatography	641015
FORENSIS - Heavy Metals Multiment	Hair	Immunology /Chromatography	641017

### Laboratory Analysis for Drugs of Abuse (Urine & Saliva)

Product Name	Specimen	Method	Product code
FORENSIS - Polytox (AMP, BZD, THC, COC, MTD, OPI, MET)	Urine	Immunology /Chromatography	642018
FORENSIS - Amphetamines	Urine	Chromatography	642001
FORENSIS - Barbiturates	Urine	Chromatography	642002
FORENSIS - Benzodiazepines	Urine	Chromatography	642003
FORENSIS - Buprenorphine	Urine	Chromatography	642004
FORENSIS - Cannabinoids	Urine	Chromatography	642005
FORENSIS Urinanalyse - Ethyl Glucuronide	Urine	Chromatography	642006
FORENSIS - GHB	Urine	Chromatography	642007
FORENSIS - Heroin (6-MAM)	Urine	Chromatography	642008
FORENSIS - Ketamine	Urine	Chromatography	642009
FORENSIS - Cocaine (Benzoyllecgonine)	Urine	Chromatography	642010
FORENSIS - Methadone (EDDP)	Urine	Chromatography	642011
FORENSIS - Opiates	Urine	Chromatography	642012
FORENSIS - Oxycodone	Urine	Chromatography	642013
FORENSIS - Phencyclidine	Urine	Chromatography	642014
FORENSIS - Psilocin	Urine	Chromatography	642015
FORENSIS - Tilidine and Tramadol	Urine	Chromatography	642016
FORENSIS - TCA Tricyclic Antidepressants	Urine	Chromatography	642017
FORENSIS - LSD	Urine	Chromatography	642019
FORENSIS - Spice	Urine	Chromatography	642024
FORENSIS - Ethyl Glucuronide Immunology	Urine	Immunology	642025
Drug of Abuse screening (Amphetamines, Benzodiazepines, Cannabinoids, Cocaine, Methamphetamines, Opiates)	Saliva	Immunology	643000
Confirmation per substance (Amphetamines, Benzodiazepines, Cannabinoids, Cocaine, Methamphetamines, Opiates)	Saliva	Chromatography	643001

### Laboratory Analysis for Allergies

Product Name	Specimen	Method	Product code
FORENSIS - Food Intolerance (64 foodstuffs)	Blood	Leucocyte-Toxic Test	642112
FORENSIS - Food Intolerance (96 foodstuffs)	Blood	Leucocyte-Toxic Test	642113
FORENSIS - Food Intolerance (120 foodstuffs + 15 additives)	Blood	Leucocyte-Toxic Test	642114

Unless otherwise stated, all tests have a shelf life of 24 months. Tests with a shorter shelf life will be indicated by a number.

<sup>(1)</sup> minimum shelf life: 18 months    <sup>(2)</sup> minimum shelf life: 24+36 months    <sup>(3)</sup> minimum shelf life: 12 months
